

GEORGE MASON UNIVERSITY TRACK AND FIELD HALL OF FAME

George Mason University has had the privilege to serve as host to many tremendous athletes who have gone on to accomplish Olympic, professional and world-class notoriety. In order to recognize some of the athletes and their contributions to the Patriots, a Hall of Fame was created in 1986 for the former men's track and field athletes and in 1991 for the former women's track and field athletes. To date, 24 men and 18 women have received this special honor.
